ABOUT US

About us

Public Sector Network is a young, diverse company that exists to help government break down silos, collaborate, and work together for better outcomes for citizens. We believe that public sector is forced to be one of the most innovative and resourceful industries in the world. Rather than constantly solving the same problem, government can improve citizen services whilst saving time - and money - by sharing and learning from other agencies, departments and councils.

“
Excellent event, great conversations & a platform to interact with the right government contacts & partner community.
”

“
A very relaxed ambience... customers really letting down their guards not feeling as threatened by industry and vendors.
”

“
The roadshow was a great way to see what others are up to and provides invaluable networking opportunities to further our learning.
”

“
Great event from beginning (planning) to end. One of the best events we have sponsored in terms of conversations had at booth, opportunity to promote our brand. PSN did an amazing job of event management. Well done.
