A little bit about us

Let's get to know each other.

Public Sector Network is a research company that represents public sector professionals across Australia, New Zealand, Canada and USA, developing roundtables, seminars, and conferences to suit current areas of interest.

Our growing online community spans across Federal, State, and Local government departments, healthcare, and education, allowing members to share information, access the latest in government news and innovation, and engage with other like-minded individuals on a secure and closed-door network.

Events

Public Sector Network Events connect Federal, State and Local government departments, healthcare and education to discuss national and global trends taking place in the public sector.

Training

Developing your skills is vital to remain competitive in an ever-changing working environment. Check out our current training available or contact us for tailor made in-house training requirements.

Marketplace

With so much noise in the market it can be hard to find the right vendor to match your organisational needs. Search our online directory to find out more about vendors doing great things in your sector.

PSN TV

This online streaming service from Public Sector Network is designed to give you top quality content sourced from our Summits and Roadshows to keep you up-to-date and informed.
